CAREER OBJECTIVE

Goal-driven IT graduate with strong programming skills (Python, Core Java) and a keen interest in web development. Eager to secure an entry-level position, apply technical expertise, and drive innovation within a dynamic team. Motivated by problem-solving and dedicated to continuous learning.

PROFESSIONAL EXPERIENCE

Python Intern

Web Minds IT Solutions

Jul 2021 – Aug 2021 | Pune, India

- Developed and implemented Python scripts to automate data analysis processes, resulting in a 30% increase in efficiency and accuracy.
- Collaborated with a team of software engineers to design and develop a Python-based web application, streamlining user interface and enhancing user experience.

PROJECTS

Integrated HealthCare System using Machine Learning

Final Year Project

- In this machine learning project we have developed a multi disease prediction model for 6 different diseases using CNN and Random Forest Classifier.
- All these models are integrated in front-end using Flask and the front-end is developed using HTML, CSS and JavaScript.

Prediction of CO2 Emission in Vehicles

- Developed an interface to predict the emission of CO2 using the Multi-Linear Regression algorithm.
- Built a highly accurate model using different dependent and independent variables.

Library Management System Using Python

- Developed and implemented a library management system using Python and its various libraries such as Pandas, NumPy, Matplotlib, and SQLite for managing, storing and retrieving data and books inventory.

AREA OF INTERESTS

- Generative AI
- Cyber Security
- Blockchain Technology
- Deep Learning

EDUCATIONAL QUALIFICATIONS

Bachelor of Engineering - Information Technology

Sir Visvesvaraya Institute of Technology, Nashik

Jul 2019 – Jun 2023

CGPA - 9.43/10

Class XII (HSC), Science

Shramik Junior College, Sangamner

Jun 2017 – Feb 2019

Percentage - 78.62 %

Class X (SSC)

Kasheshwar Vidyalyaya, Kasara Dumala

Jun 2016 – Mar 2017

Percentage - 95.20 %

SKILLS

Programming and Database Languages

Python, Core Java, SQL

Front-end Technologies

HTML, CSS, JavaScript

OS and Framework

Windows, Linux, Flask

Other Technical Skills

OOP, DBMS, Machine Learning, Deep Learning, NLP, Data analysis, Git and GitHub

CERTIFICATIONS

- Google Data Analytics Certification [🔗](#)
- "Excellence in Python" certificate issued by Coding Ninja [🔗](#)
- "Data Analysis with Python" issued by Coursera [🔗](#)
- Salesforce Admin Internship Certificate [🔗](#)
- "Salesforce Developer Catalyst Program" issued by SmartInternz [🔗](#)
- "Machine Learning Course with Python" Certificate issued by Udemy
- Python Programming issued by HackerRank [🔗](#)
